

NEW ONLINE

COURSES AVAILABLE

The "Building a Culture of Diversity, Equity and Inclusion" and Preventing Discrimination and Harassment" courses are now available in EDUCA and must be completed by all salaried employees by the end of the year.

NOTICE:

There is also a Manager version available for each course; please encourage your employees to take the correct course based on their level.

Diversity and Inclusion are both key factors of our Argos Culture. It is important to ensure every team member feels valued and understands their importance to our team. These will serve as reminders of why Argos remains to a great place to work!

IMPORTANT:

Employees participating in the classroom trainings will not need to complete the EDUCA courses. Just be mindful to track the training.
